# The Wirral Grammar Schools'

## Information For Parents of Year 5 Pupils

### Concerning Selection Arrangements

March 2020

Dear Parents

The National School Admission Code specifies that parents are required to have their child's selection test result before they complete the preference form that indicates their choice of school.

Children take the assessment during September (when their child is in Year 6), and parents receive the results in October. **Parents are expected to return an assessment request form to Wirral Local Authority during the last week in May. These request forms are available from the Local Authority or they can be obtained from the Grammar Schools' websites from the beginning of May.**

To give parents of children who are currently in Year 5 an opportunity to find out about the Grammar Schools that they are considering, each non-Catholic Grammar School is arranging their own Open Events. The purpose of the Open Events is to provide parents and children with an opportunity to find out more about each school and the admission process. The format for these Open Events will vary from school to school and parents should visit the school websites to find out more.

As in previous years, Open Evenings will also take place during the Autumn Term and our advice to parents is that these will be of particular value to parents who have children in Year 5 next year (i.e. current Year 4). The dates for the Grammar School Open Events are as follows:
